This fan-fiction article, **School of the Tortoise**, was written by Witcher190 of Aedirn and u/\_Boodstain\_. Please do not edit this fiction without the writer's permission.

The School of the Tortoise was a witcher school founded in the year 1100 by a schism in the [School of the Chameleon](#) after some of its members met with members of the [School of the Manticore](#) and started an intense debate on the implementation and improvement of the shielding techniques initiated by this school. Eventually, the debate would be deadlocked. This would lead to the separation of these witchers, and give rise to the School of the Tortoise.
